

## Integs Cloud Technologies Launches UAE Entity to Provide Cloud ERP Solutions

Integs Cloud Technologies expands to UAE, offering compliant cloud ERP solutions from Sharjah, catering to Middle East growth.

**Pune, Maharashtra Feb 27, 2024** ([IssueWire.com](https://www.issuewire.com)) - Integs Cloud Technologies, [a leading provider of cloud ERP solutions](#), has announced the launch of its UAE entity, a branch office in Sharjah, to cater to the growing demand for cloud-based services in the UAE market.

The UAE entity will enable Integs Cloud Technologies to deliver customized and localized cloud solutions to its customers in the UAE, in alignment with their business needs and goals. The UAE entity will also help customers comply with the UAE's regulatory and legal requirements, ensuring a smooth and hassle-free experience.

Integs Cloud Technologies is a trusted partner for customers who want to implement, customize, and optimize the company's products, such as Zoho, Oracle NetSuite ERP, Celigo integration, and other cloud technology solutions. Integs Cloud Technologies has a [team of certified experts](#) who can provide support and guidance for the company's users throughout their cloud journey. Integs Cloud Technologies also offers training and consulting services for the company's products.

Integs Cloud Technologies's Director Sales & Founder, [Mr. Sachin Salunke](#), said: "We are excited to launch our UAE entity, which reflects our commitment to expand our presence and reach in the Middle East region. The UAE market is one of the most dynamic and fast-growing markets in the Middle East with a GDP of US\$415 billion (AED 1.83 trillion) in 2021-2023. The UAE has a diversified economy that offers tremendous opportunities for cloud-based ERP solutions and services, especially in sectors such as trade, tourism, finance, and innovation. With our UAE entity, we can provide our customers with local support, faster delivery, and customized solutions that meet their specific needs and preferences. We are confident that our UAE entity will help us grow our customer base and strengthen our brand reputation in the UAE market."

The UAE entity is expected to benefit many businesses in the UAE, especially in the IT, retail, transportation, and professional services sectors, by helping them optimize their business processes and performance with cloud-based ERP solutions. Integs Cloud Technologies has helped hundreds of clients across various industries achieve their goals and objectives with its [cloud technology expertise and experience](#).
