

## **47Billion to Launch Game-changing Education Platform 7Seers at GITEX 2024**

**Dubai, UAE, October 10, 2024:** 47Billion, is set to create waves at GITEX 2024 with the announcement of its highly anticipated solution aimed at transforming the education sector. Known for delivering cutting-edge solutions across industries, 47Billion will take center stage at this prestigious event to reveal the new product 7Seers designed to bridge the skill gap between academia and industry.

### **Focused on Enhancing the Future of Education**

As part of its strategic commitment to revolutionizing the education system, 47Billion's new offering is set to address several critical pain points faced by educators, administrators, and students. This solution is expected to enhance learning experiences, streamline teaching processes, and provide comprehensive analytics for improved decision-making.

Without giving away too much, the product leverages advanced AI and analytics to offer a holistic platform that will cater to the needs of modern education systems, ensuring that students and teachers can seamlessly transition to a future-ready learning environment.

### **Vision Aligned with Industry Needs**

*Rajeev Dixit, CTO of 47Billion, says, "Education is one of the most important pillars for any society, and we are committed to making it more accessible, innovative, and effective. Our solution at GITEX 2024 represents a significant step toward preparing the next generation of learners and educators for a digitally driven world. By using cutting-edge technology, we are ensuring that education is not just about knowledge, but about real-world readiness."*

### **A New Era for EdTech**

Built with scalability, flexibility, and ease of use in mind, this solution is made to meet the unique requirements of educational institutions ranging from schools to universities. The platform promises to deliver personalized learning experiences, enhance collaboration, and offer real-time insights into student performance, skills development, and industry readiness.

Attendees at GITEX 2024 will be the first to get a glimpse of this revolutionary platform, which is set to redefine how education systems operate globally.

## **About 47Billion**
