ORACLE
NETSUITE
Solution Provider

FROM STARTUP TO ENTERPRISE, ORACLE NETSUITE IS THE #1 CLOUD ERP BUSINESS SOFTWARE SOLUTION

One unified business management suite, built from the ground up for the cloud, encompassing ERP/Financials, Planning and Budgeting, CRM, Warehouse and Fulfillment, Supply Chain Management, Procurement, Sales Operations and Ecommerce for more than 26,000 organizations around the globe.

Oracle NetSuite the world's most proven, trusted and deployed cloud ERP solution powers innovation and growth across a variety of industries from start-ups to global enterprises.

NETSUITE IS INTELLIGENT.

Real-time analytics is the NetSuite user interface. With its built-in business intelligence all corporate data is held on the system in a single database, providing real-time insights into your key performance metrics on a customizable, real-time dashboard.

NETSUITE IS INTEGRATED.

NetSuite is a single, powerful application. It combines complete customer-facing CRM and Ecommerce capabilities with back-office Accounting/ERP and self-service portals for customers, employees and partners.

NETSUITE IS SIMPLE.

Scale up, spin off, adopt new business models, NetSuite's flexibility lets you do it all, quickly and easily. Modularity enables phased implementations. In addition, click not code and advanced customization supports business as you define it. As a Web-based on-demand solution, NetSuite significantly reduces your total cost of ownership (TCO).

NETSUITE IS EVERYWHERE.

NetSuite's web-based access enables your employees to access NetSuite from anywhere across the globe. With support for popular mobile devices, NetSuite customers get access to the data and functionality they need from the palm of their hand.

Being a trusted IT business partner to medium and large organizations in the Private and Public sectors, NetU provides world-class IT solutions in the areas of Systems Integration, Business Solutions, Technology Solutions and Professional Services.

WHY NETSUITE?

UNIFY BUSINESS PROCESSES ACROSS THE ENTERPRISE

With a single, integrated platform, you can automate key business functions across all departments, including sales, marketing, service, finance, inventory, order fulfillment, purchasing, sales operations and employee. Your employees view and share accurate data in real-time, leading to greater collaboration among departments and increased productivity across your business.

INCREASE VISIBILITY FOR BETTER DECISION MAKING

Customizable Dashboards offer real-time access to key performance metrics, supporting intelligent, timely business decisions. In addition, full visibility into unified customer records results in more efficient and highly personalized sales, fulfillment, and service processes.

EXTEND PROCESSES TO CUSTOMERS, SUPPLIERS, AND PARTNERS

Given today's need to work closely with partners through an extended enterprise, NetSuite offers self-service portals that enhance both B2B and B2C collaboration. In addition, proactive notification of partner-specific events accelerates process cycles and improves responsiveness, ensuring your position as a preferred partner.

CUSTOMIZE AND EXTEND NETSUITE WITH SUITEAPPS BUILT FOR NETSUITE

Click-not-code configuration and modular implementations jumpstart your business in NetSuite. NetSuite's SuiteCloud platform offers unrivaled levels of personalization, customization and development all within a framework that ensures security, scalability, globalization and built in capability of being kept up to date with the latest versions of the software.

In addition gain access to SuiteApps; applications that extend NetSuite for your business needs. Whatever your need, there's a SuiteApp for you. SuiteApps run completely inside NetSuite, hosted on the same servers and living in the same database as your NetSuite data.

CONSOLIDATE OPERATIONS AND GAIN REAL-TIME FINANCIAL VISIBILITY

NetSuite accelerates financial processes with multi-currency management and consolidation and real-time roll-up across accounts receivable, accounts payable, payroll, inventory, billing, invoicing and order fulfillment, from local in-country operations to the regional offices to global headquarters with real time financial consolidation. It provides real-time currency conversion and management of a complete range of international tax structures.

GET SUPERIOR VALUE WITH AN AFFORDABLE SOLUTION

Built from the ground up for growing and midsize businesses, NetSuite offers affordable pricing, accelerated implementation, and comprehensive support packages that results in unbeatable TCO.
